

FEATURES & FUNCTIONS

NMAO

Tournament

THE CHAMPIONSHIP SEASON • SEASON I • SAPPHIRE

Constant competition.
Constant growth.

A remote, video-judged martial-arts league any dojo
can join — compete, duel, and rise from your own mat.

A NOTE FROM TEACHER TO TEACHER

Fellow martial arts teachers and practitioners — my name is Bradley Lemley, and like you, I have given my life to the understandings and principles of the martial way. I've competed in small local tournaments and on the open circuit, and fought as both an amateur and professional kickboxer. I loved every second of my own competition. But some of the best moments of my life haven't been my own — they've been watching my students reach for their potential and find it in the ring.

I've come to believe something simple: *constant competition yields constant growth*. Not for the trophy, but for the self you become reaching for it, time and time again. And yet I've watched too many good students train for years and never once get to compete — the tournament was too far, too costly, on the one weekend they couldn't make. The fire we lit in class never got its moment. The problem was never the student. It was access.

NMAO exists to change that — and to do it in a way that respects the teacher, too. We help schools make growth a habit for every student, lift engagement, and earn along the way: a healthy share of every entry goes back to your school, and our judges are paid well for their expertise. Martial artists across the country should earn more doing what they love, not less.

This league is open to every student, in every dojo, at every rank. However far your school sits from a major circuit, the national arena now reaches your mat — and counts you in. It is our role to elevate this community, and to give practitioners from every corner a place on the national stage. We would be honored to have you walk this path with us.

— *Master Bradley Lemley*

FOUNDER, NMAO

WHY THE TOURNAMENT

A new kind of *tournament*.

Not a replacement for the once-a-year circuit — a new competitive layer that reaches the students it never could.

Open to all

Compete from your own dojo. No travel, no venue, no missed school or work.

Provably fair

Multi-angle video, a weighted rubric, nuanced age brackets, and division pods capped at 15 competitors.

Always on

A monthly season of nine rounds, plus anytime dueling — and a semi-final and grand finale with prizes for competitors and schools alike. Growth and rewards year-round.

Growth-first

Every competitor earns their season keepsake. Effort is honored as loudly as outcome.

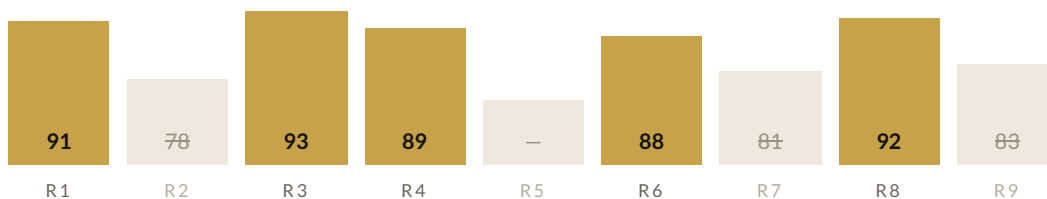

THE SEASON

Nine rounds. One *journey*.

- A season is nine qualifying rounds → semi-finals → a grand finale — one round every month, all year.
- Season standings count your **best five of nine** tournament results, so a month you miss never breaks your season.
- Sign up any time and **upload before the 15th**.
- Top competitors **and schools** climb to the semi-finals, then the grand finale, where the season's **\$10,000+ cash prizes** are won.

PER MONTH

THE ENTRY

Compete from your *own mat*.

- Film one unedited form on your phone — **a clear area, full body, thirty seconds to two minutes**. That's the whole entry.
- An engine sorts every competitor into **fair age and rank divisions** and skill-matched pods — no mismatches.
- Each entry carries **the month's spoken password on-screen**, so a clip can never be reused. Fair by design.
- Enter now, film later — **upload any time before the 15th**.

SEASON I • ROUND 4 • KATA FORM

THE JUDGING

Judged fairly, *on the record.*

- A panel of vetted master instructors scores **six criteria** on dual-angle video, with zoom and slow-motion.
- Judges score **blind** — no names, no schools, just "Entry 3 of 8" — and never their own students. Every score is recorded and can be reviewed.
- Advanced pods draw a **three-judge panel**; each judge signs the Creed and may recuse on any conflict.

THE SCORE SCREEN • ENTRY 3 OF 8

TRADITIONAL FORMS • 0-100 PER CRITERION

TECHNICAL	25%	88
POWER & FOCUS	20%	82
BALANCE	20%	90
TIMING	15%	84
SPIRIT	12%	86
DIFFICULTY	8%	79
WEIGHTED TOTAL		85.6

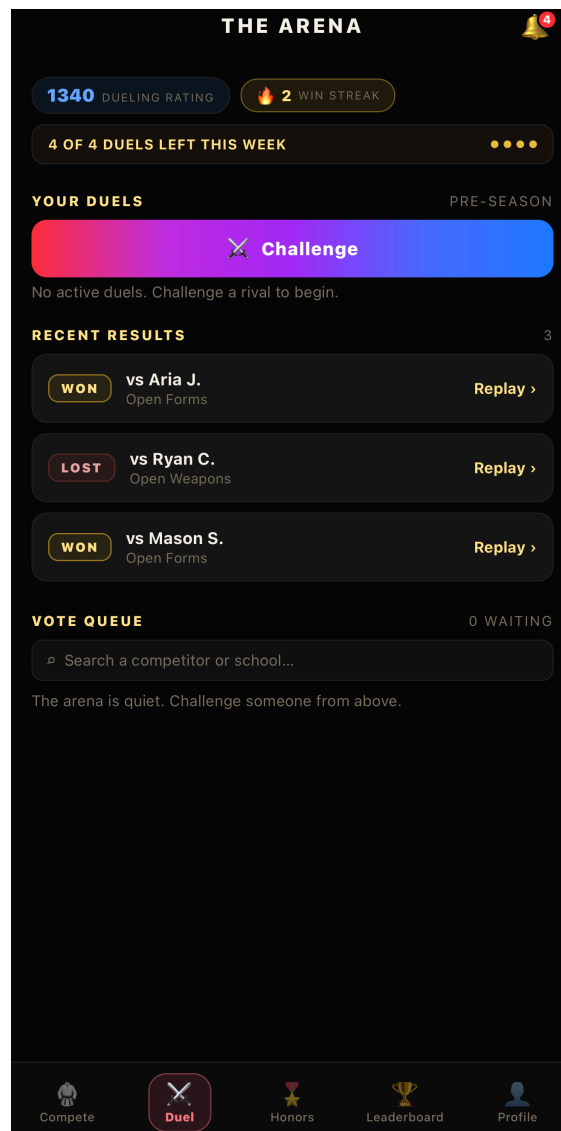

"I score only what I see, honoring each competitor's effort. I disclose any conflict and recuse when in doubt." — from the Judge's Creed

THE ARENA

Step into the *Arena*.

- Challenge a random rival for a **one-on-one video duel** — its own loop, its own leaderboard, its own badges.
- **The whole nation judges.** Verified competitors watch and vote — view both submissions at once to compare, or one at a time.
- Competitors earn badges for accomplishments — **Duelist, Warpath, People's Champion, Undefeated, Duel Legend.**

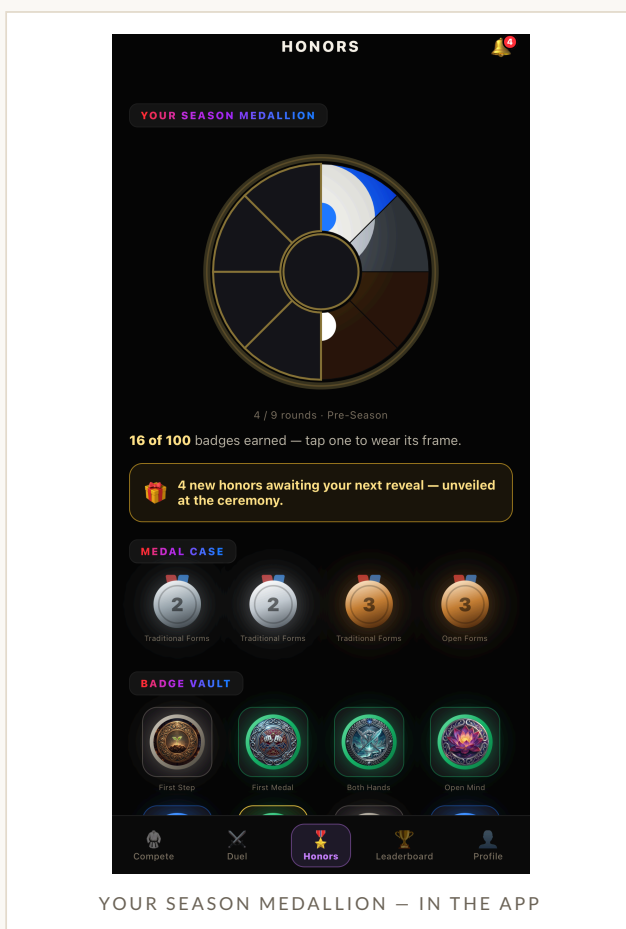

THE KEEPSAKE

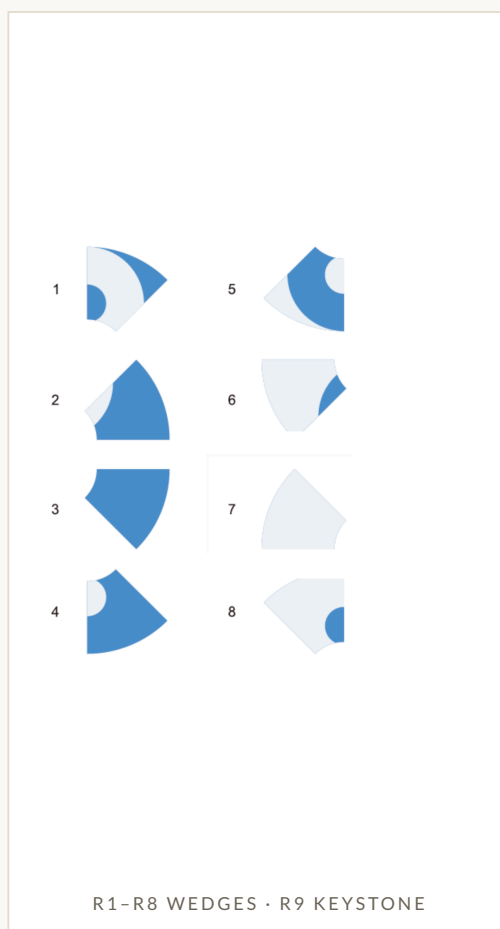

A medallion you earn by *constant effort*.

- Every round you compete fills one segment of your **Imprint** — a nine-segment medallion. **Placement or not.**
- Complete all nine and unlock the **Season Keepsake** — and a physical, interlocking metal piece arrives for every event.
- **The metal tells your story:** gold, silver, bronze for the podium; the season's gemstone enamel for every form you gave.

One gem a year — a decade of seasons collected on one shelf

THE COLLECTION

A hundred ways to *rise*.

- **A hundred badges** — for effort, growth, courage, mastery and milestones — many earned Bronze, Silver, then Gold.
- Every badge unlocks a **signature animated frame** that rings your video in the Arena. Collect the look.
- The rarest badges glow brighter and animate — the marks of real accolades, like **Season Champion** or a **Dueling Streak**.

THE LEADERBOARD

See where you and your school *stand*.

- Your season at a glance — **streak, improvement, completion, and school rank** — the moment you open the app.
- Climb boards for **your school, your rank-and-age bracket, and the nation** — from city all the way to world.
- A dedicated **voter leaderboard** honors the sharp eyes too. Voting is celebrated, not just competing.

Four boards — Tournament, Duelists, Schools, Voters — filtered by division, age, and event

SAFE BY DESIGN

Built for kids, *from the ground up.*

- Built for students as young as seven — **a guardian holds the account** and approves everything, with a signed video waiver.
- Guardians can switch off **dueling, voting, and sharing** at any time. Sharing is off by default.
- Tallies stay anonymous, one report auto-hides a duel for review, and every entry is **COPPA-compliant by design.**

FOR YOUR SCHOOL

Your dojo, on the *national stage*.

- A dedicated **School Portal**: import your roster, set who competes, and control dueling, divisions, and matchmaking from one panel.
- **Host your own in-house tournaments** on the same engine — self-judged, your prizes, your event.
- Earn a real cut of every entry your students pay, paid out through Stripe. **The tournament becomes a revenue stream, not a cost.**

THE REVENUE-SHARE LADDER · AUTOMATIC

15% BASE · +10 LINKED · +10 ACCREDITED

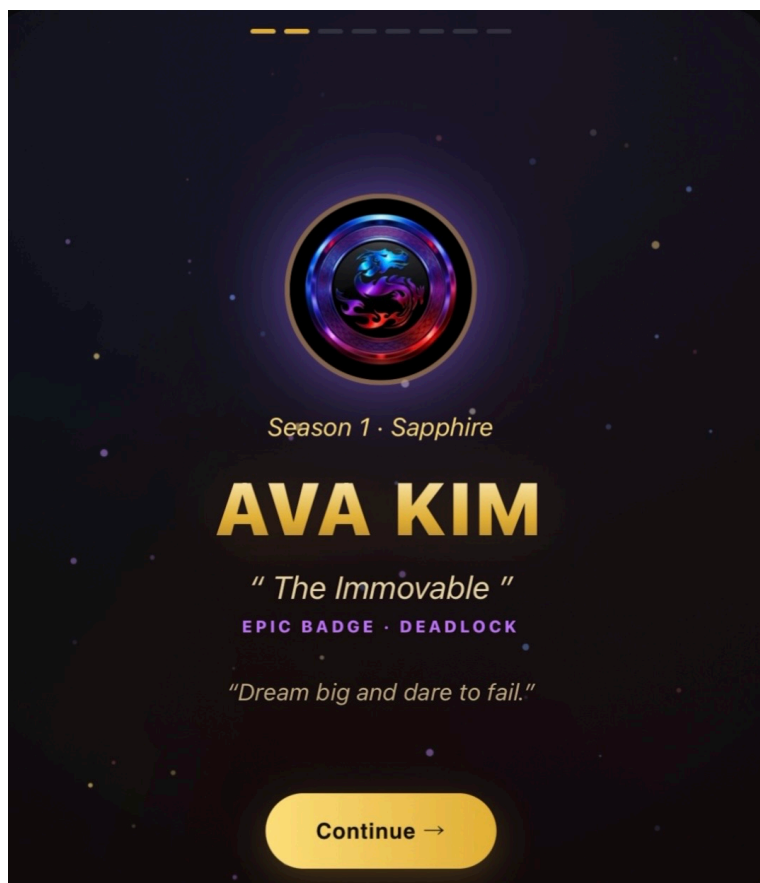

FOR YOUR STUDENTS & FAMILIES

A stage, and a reason to *keep going*.

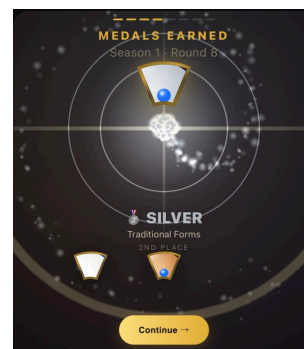

- The ring — and the rewards — come to your school: **fair competition within reach, awards for all, sponsored prizes, and grand-finale cash** for competitors and schools alike.
- Every month brings a new goal: **a round to enter, a duel to win, a badge to chase, a medallion segment to fill.**
- **Every competitor earns their place.** Show up and the keepsake fills; a physical medal arrives in the mail.
- A cinematic **Reveal** caps each round — **badge unlocks and growth stats** for every competitor.

FOR MASTER INSTRUCTORS

Judge the nation, *on your time.*

- Score from anywhere as a **paid judge** — assignments come to you, and you're paid per panel.
- A purpose-built **Score screen**: dual-angle video, zoom and slow-motion, a live-weighted rubric, and one-tap Accept or Recuse.
- Judge the sport you love from an honored position, with **above-average compensation** — anonymized entries, your own school excluded, every score on the record.
